THIS DIRECTIVE SHALL SERVE AS THE COMMISSION'S ORDER ON THIS ISSUE.

Order Requiring Additional Information

SUBJECT:

DOCKET NO. 2020-157-E - Petition of Duke Energy Progress, LLC for an Expedited Decision and Issuance of a Declaratory Order that a Certificate of Environmental Compatibility and Public Convenience and Necessity for the Relocation of Four 230kV Lines at H.B. Robinson Steam Electric Plant is Not Required - Staff Presents for Commission Consideration Duke Energy Progress, LLC's Petition for an Expedited Decision and Issuance of a Declaratory Order that a Certificate of Environmental Compatibility and Public Convenience and Necessity for the Relocation of Four 230kV Lines at H.B. Robinson Steam Electric Plant is Not Required.

COMMISSION ACTION:

Duke Energy Progress has filed a request for expedited review of a like-facility determination for the relocation of four 230 kV transmission lines. The Company asserts that the entire scope of work for the relocation of the lines will take place on DEP-owned property and will not require any additional rights or easements from third-party property owners.

However, as I look at Exhibit A, it appears that the new tree line would affect properties located on the Exhibit as Lot 13 and Lot 14. I would request that the Company clarify whether any third-party property owners will have trees removed, or their property otherwise affected, by the proposed line relocation. If there are any third-party property owners affected, even by the proposed new tree line, I would ask the Company to clarify whether those property owners have been approached or notified of the proposed change to the tree line on their property.

I would request that these clarifications be filed by the Company within 7 days.
